Dear: _____

Date: _____

I am pleased to meet you and to have the opportunity to work with you. Here is some basic information about the healing work in which I am trained and what you may expect during a session.

I am a Nationally Certified Massage Therapist and Brennan Healing Science Practitioner. Among the various techniques that I use are Energetic Therapeutic Massage, Water Massage, CranioSacral, and Barbara Brennan Healing Science Techniques, healing that is done with my hands on the body and also through the Human Energy Field. I do not medically diagnose or prescribe treatment. If you have a physical injury or disease condition, I ask that you also be in the care of a licensed medical professional. I do not advise you to discontinue any medical treatment you may be receiving. I may also ask that you be in the care of a qualified psychotherapist. My work is intended to be in harmony with any other healing work that you undertake, including traditional medicine and psychotherapy. Please feel free to discuss our work with your physician, psychotherapist or others on your care team.

It is my experience that the Brennan Healing Science work clears and charges the energy field, removes energetic blocks that lead to dis-ease and enhances the body's natural healing capability. Many of my clients experience increased well-being and improvement in their condition; however, I cannot promise you these things.

Self-Care is an extremely important part of your healing process. At all times your healing is your responsibility. If at any time during the session you are uncomfortable, it is your responsibility to inform me immediately. I also recommend that you refrain from using alcoholic beverages for 24 hours following your session.

My approach to healing and personal transformation is holistic, focusing on you as a unique, complex, dynamic being of body, mind and spirit. I offer to serve as a facilitator in your self-initiated process of healing and transformation. I am here as your committed listener, your mirror, your partner in the process. In the course of our work together, we will explore areas that influence your state of well-being. We may address your health history, life stressors, belief systems and attitudes, your family and childhood history, diet, exercise, dreams, longings and how you are in relationships. Your sharing is always kept confidential. I do, however, discuss clients, without mentions their names, with my professional supervisors or professional peers for the purpose of my continuing professional development and so that clients may receive the most assistance available.

We may prefer to set up a regular schedule to work but there is never any obligation to continue treatment. My fee is currently \$60 per one-hour session. I will give you 30 days' notice of any increase in my fee. If you cancel an appointment, please give me as much notice as possible. I ask for full payment for the session if you cancel within 24 hours from the scheduled time.

I follow the Principles of Practice for Brennen Healing Science Practitioners which are listed on her website at www.BarbaraBrennan.com or I'd be happy to give you a copy at your request.

I am most happy to answer any questions regarding my services and I also encourage you to express any concerns you may have.

In partnership for your healing
and with warm regards,

Joyce Eells, NCTM
